Kalifornija

Kalifornija — a posebno Napa Valley — zauzima ključno mjesto u savremenoj istoriji vrhunskih vina. Iako su prvi vinogradi zasađeni još u 19. vijeku, globalni ugled Napa Valley-a potvrđen je 1976. godine na Judgment of Paris, kada su njeni Cabernet Sauvignon i Chardonnay nadmašili vodeća francuska vina u slijepom kušanju. Ovaj trenutak je trajno promijenio percepciju kvaliteta i pokazao da vrhunska vina mogu nastajati i izvan tradicionalnih evropskih regija. Danas je Napa sinonim za precizno vinogradarstvo i pažljivo vinarenje, uz stil koji spaja zrelu kalifornijsku voćnost sa sve izraženijim fokusom na svježinu, strukturu i izražaj terroira.

Šire posmatrano, vina Amerike pričaju jednako snažnu priču — priču o ponovnom otkrivanju, napretku i identitetu. U Chile, spoj starih loza, raznolikih klimata i prirodnih barijera omogućio je očuvanje vinograda bez filoksere i izuzetnu stilsku raznolikost, od svježih, mineralnih bijelih vina sa obale do strukturiranih crvenih iz podnožja Anda. Argentina je, iako dugo poznata po Malbecu, doživjela značajnu transformaciju, sa visokoplaninskim vinogradima u Mendozi koji daju vina izražene čistoće, napetosti i aromatske elegancije. U međuvremenu, na sjeverozapadu SAD-a, regije poput Washington State — a naročito Red Mountain — sve su priznatije po snažnim, ali fino strukturiranim Cabernet vinima, oblikovanim toplim danima, svježim noćima i specifičnim pustinjским tlima.

Zajedno, ove regije odražavaju dinamiku Novog svijeta, gdje se inovacija sve više susreće sa autentičnim izražajem terroira. Iako je stilaska raznolikost i dalje njihova ključna odlika, jasno je vidljiv pomak ka balansu, preciznosti i izražavanju porijekla, čime vina Amerike danas zauzimaju važno mjesto na globalnoj vinskoj sceni.

California — and Napa Valley in particular — occupies a defining place in the modern history of fine wine. Although vines were first planted in the 19th century, Napa's global reputation was firmly established in 1976 at the Judgment of Paris, when its Cabernet Sauvignons and Chardonnays outperformed leading French wines in a blind tasting. This moment reshaped perceptions of quality and proved that world-class wine could be produced far beyond Europe's traditional regions. Today, Napa is synonymous with precision viticulture, meticulous winemaking, and a style that balances ripe Californian fruit with increasing emphasis on freshness, structure, and site expression.

Across the broader Americas, a similarly compelling story unfolds — one of rediscovery, elevation, and identity. In Chile, the combination of ancient vines, diverse climates, and natural geographic barriers has preserved phylloxera-free vineyards and enabled a remarkable range of styles, from coastal, mineral-driven whites to structured reds from the Andes foothills. Argentina, long associated with Malbec, has evolved dramatically, with high-altitude vineyards in Mendoza producing wines of striking purity, tension, and aromatic lift. Meanwhile, in the Pacific Northwest, regions such as Washington State — and particularly Red Mountain — have gained recognition for their powerful yet finely structured Cabernet-based wines, shaped by warm days, cool nights, and distinctive desert soils.

Together, these regions illustrate the dynamism of the New World: a landscape where innovation and terroir increasingly converge. While stylistic diversity remains a hallmark, there is a clear shift toward balance, transparency, and site-driven expression, placing the wines of the Americas firmly among the most exciting and relevant in the world today.

Još 2010. godine, Jennie Kergoat-Ruelland, organizatorica visoko-profilisanih međunarodnih događaja, dobila je zadatak da organizuje svadbu princeze u Abu Dabiju.

Tražila je bezalkoholno piće koje bi upotpunilo meni, ali nije mogla da pronađe ništa dovoljno prestižno za tako svečan događaj.

Kao strastveni hedonista, to joj je bilo sasvim dovoljno da krene u potragu — u potragu za stvaranjem sopstvenog bezalkoholnog penušavog pića.

Vratila se u Pariz i posvetila se receptu koji bi spojio suštinu francuskog načina života i savremene trendove u konzumiranju pića.

Provela je sate razvijajući i usavršavajući savršen balans sastojaka, sa istom pažnjom kao vrhunski zlatar — jer i najsitniji detalj i završni dodir moraju biti savršeni.

Back in 2010, Jennie Kergoat-Ruelland, organizer of high-profile international events, was asked to organize a Princesse' wedding in Abu Dhabi.

She was looking for a non-alcoholic drink to add the finishing touch to the menu and couldn't find anything prestigious enough to suit the event.

As an enthusiastic bon viveur herself, that was all she needed to set out on the quest to create her own non-alcoholic sparkling.

Back in Paris, she worked on a recipe that would combine the essence of French living and contemporary drinking trends.

She spent hours developing and fine-tuning the right balance of ingredients, with the same attention to detail as an expert goldsmith, where the finest detail and finishing touches have to be just perfect.
